

## Sakthi Swarup V K

---

Thank you for all support provided for September and October releases. Special mention for the Above & Beyond support for NY state testing. You played a vital role in IE3 Performance testing for every quarter. Made sure 20k - 40k files are end to end validated within the given timeline. Within a short span of time learnt the application quickly started supporting the team with minimal guidance.

► Nominated for **Inspire a High Performance Culture** by **Pritha Venkatesan**
